✨ Grade 1 Maths — Collecting & Displaying Data ✨

Name: Demo Grade 1 **Date:** 26/11/2026

Let's think it through together!

1. On a picture graph, each 🎈 stands for 1 vote. There are 🎈🎈🎈🎈🎈🎈 shown. How many votes is that?

2. 🍩🍩 chose apples and 🎁🎁🎁 chose bananas. Which was picked by more friends: apples or bananas?

3. In a class survey, friends picked their favourite: 🍩🍩 chose the first one, 🚗🚗🚗 chose the second. How many friends answered the survey in total?

4. On a picture graph, each 🌼 stands for 1 vote. There are 🌼🌼🌼🌼 shown. How many votes is that?

5. In a class survey, friends picked their favourite: 🚲🚲 chose the first one, 🍎🍎🍎🍎🍎🍎 chose the second. How many friends answered the survey in total?

6. In a class survey, friends picked their favourite: 🐓 🐓 🐓 🐓 🐓 chose the first one, 🍌 🍌 🍌 chose the second. How many friends answered the survey in total?

7. In a class survey, friends picked their favourite: 🐝 🐝 chose the first one, 🎈 🎈 🎈 🎈 🎈 🎈 chose the second. How many friends answered the survey in total?

8. On a picture graph, each 🎀 stands for 1 vote. There are 🎀 🎀 🎀 🎀 🎀 shown. How many votes is that?

9. On a picture graph, each 🏀 stands for 1 vote. There are 🏀 🏀 🏀 shown. How many votes is that?

10. 🍪 🍪 chose apples and 😺 😺 😺 😺 chose bananas. Which was picked by more friends: apples or bananas?

You did it — great work!
