✨ Grade 1 Maths — Skip Counting ✨

Name: Demo Grade 1 **Date:** 26/11/2026

Let's think it through together!

1. A frog starts at 50 and hops forward by 2 each time. After how many hops will it land exactly on 58?

2. A frog starts at 84 and hops forward by 4 each time. After how many hops will it land exactly on 104?

3. Fill in the missing number: 92, ____, 100, 104, 108

4. A frog starts at 65 and hops forward by 5 each time. After how many hops will it land exactly on 75?

5. Count by 4s starting at 0: 0, 4, 8, ____

6. Count by 4s starting at 0: 0, 4, 8, 12, ____

7. If you skip count by 10s, 6 times: 10, 20, 30, 40, 50, 60. What is 10 × 6?

8. A frog starts at 28 and hops forward by 4 each time. After how many hops will it land exactly on 60?

9. Fill in the missing number: 100, ____, 120, 130, 140

10. Count by 10s starting at 0: 0, 10, 20, ____

You did it — great work!
