✨ Grade 3 Maths — Length ✨

Name: Demo Grade 3 **Date:** 26/11/2026

Let's think it through together!

1. The red ribbon is 160 cm, the blue ribbon is 58 cm, and the green ribbon is 180 cm. Which ribbon is shortest?

2. The red ribbon is 97 cm, the blue ribbon is 144 cm, and the green ribbon is 90 cm. Which ribbon is longest?

3. A driveway is **167** cm long. A footpath is **94** cm long. If you laid them end to end, what would their total length be, in cm?

4. How many metres is 1100 cm?

5. How many centimetres is 11 m?

6. How many centimetres is 19 m?

7. How many kilometres is 9000 m?

8. How many metres is 1000 cm?

9. The red ribbon is 85 cm, the blue ribbon is 132 cm, and the green ribbon is 141 cm. Which ribbon is longest?

10. The red ribbon is 28 cm, the blue ribbon is 78 cm, and the green ribbon is 61 cm. Which ribbon is longest?

You did it — great work!
