✨ Grade 6 English — Oral Presentation ✨

Name: Demo Grade 6 **Date:** 26/11/2026

1. Answer both (separate your two answers with a comma). 1) Should you time your presentation in advance to make sure it fits the allowed length? 2) Should a presentation have a clear beginning, middle and end?

2. Answer both (separate your two answers with a comma). 1) What should you do if the audience looks confused during your presentation? 2) What should a presenter avoid putting too much of on a single slide?

3. Answer both (separate your two answers with a comma). 1) What should you do if technology, like a slideshow, fails during your talk? 2) Should you end a presentation abruptly without any closing statement?

4. Answer both (separate your two answers with a comma). 1) What should the introduction of a presentation do? 2) Should a presenter use a single slide covering every point in the whole talk?

5. Answer both (separate your two answers with a comma). 1) Should you practise a presentation before delivering it? 2) Should you time your presentation in advance to make sure it fits the allowed length?

6. Answer both (separate your two answers with a comma). 1) Should you stand still and rigid the whole time you are presenting? 2) Should a presenter dress and prepare differently for a formal assembly than for a small classroom talk?

7. Answer both (separate your two answers with a comma). 1) What should a presenter avoid putting too much of on a single slide? 2) Should you rehearse in front of someone else before the real presentation?

8. Answer both (separate your two answers with a comma). 1) Should a presenter acknowledge the audience's likely prior knowledge before diving into technical detail? 2) Should you rehearse in front of someone else before the real presentation?

9. Answer both (separate your two answers with a comma). 1) Should you memorise your presentation word-for-word, or know your key points? 2) Should a presentation about a serious topic use a casual, joking tone throughout?

10

Answer both (separate your two answers with a comma). 1) Should you stand still and rigid the whole time you are presenting? 2) Should a presenter acknowledge the audience's likely prior knowledge before diving into technical detail?
