✨ Grade 7 English — Speaking ✨

Name: Demo Grade 7 **Date:** 26/11/2026

1. Answer both (separate your two answers with a comma). 1) Is it helpful to prepare a brief answer in advance for a question you expect your audience to ask? 2) Is speaking in a flat, unchanging tone an effective way to hold an audience's attention?

2. Answer both (separate your two answers with a comma). 1) Should you pause briefly after making a key point when speaking? 2) Should you use filler words like 'um' and 'like' frequently when speaking formally?

3. Answer both (separate your two answers with a comma). 1) Is it helpful to prepare a brief answer in advance for a question you expect your audience to ask? 2) Should your facial expression generally match the tone of what you are saying?

4. Answer both (separate your two answers with a comma). 1) Should your tone be more formal when giving a class presentation than when chatting with friends? 2) Should your facial expression generally match the tone of what you are saying?

5. Answer both (separate your two answers with a comma). 1) Is mumbling quietly an effective way to communicate important information? 2) Is varying your sentence length while speaking generally more engaging than only short, choppy sentences?

6. Answer both (separate your two answers with a comma). 1) Is it helpful to vary your tone and volume to emphasise important points? 2) Should you slow your pace and simplify your vocabulary for an audience that doesn't share your first language?

7. Answer both (separate your two answers with a comma). 1) Should you avoid letting your voice trail off quietly at the end of a sentence? 2) Should your facial expression generally match the tone of what you are saying?

8. Answer both (separate your two answers with a comma). 1) Should you use a specific, concrete example rather than a vague generalisation when explaining a point? 2) Should you make sure you actually answer the question you were asked, rather than a different one?

9. Answer both (separate your two answers with a comma). 1) Is it helpful to vary your tone and volume to emphasise important points? 2) Should you pause briefly after making a key point when speaking?

10 Answer both (separate your two answers with a comma). 1) Does making eye contact with your audience generally help engagement? 2) Is fidgeting or pacing nervously while speaking usually distracting for an audience?
